

Dear Parents and Caregivers

Our final week of term 3 commenced with a fabulous evening at the Perth Concert Hall watching our wonderful choir perform in the **WA Massed Choir Festival**. I believe there were about 500 students involved. I wish to congratulate the students who worked with **Mrs Cheryl Fourie**, our music teacher, to make sure Yangebup made their mark on this event. The hall was floored by Student Prime Minister, **Sophia Goodwin**. Her solo performance had everyone riveted to their seats, Sophia is one example of the fabulous talent that exists in Yangebup Primary School!

Congratulations Koort, winners of our 2023 Faction Carnival. Full results will be published in our next newsletter.

Well done to all members of our school community who have once again come together to make our Faction Carnival a success this year. Whether you were a spectator, P&C Volunteer, or an organiser, your contribution is appreciated by the students of Yangebup Primary School.

A reminder, school for students will be commencing on the **first Monday for term 4**. Our **School Development Day is on Friday the 3rd of November**. Staff focus for this day involves data analysis, in particular NAPLAN, which will be used as a spring board for 2024 planning.

On Thursday the **7th of November** the school is preparing to hold an **Open Night**. Classes will be open from 4.00pm until 5.30pm. From 5.30pm until 7.30pm the central play areas will be available for families to have a picnic meal. Light music will be provided, we encourage all to attend. Further details will be provided closer to the event. Please review Mrs Duffy's dates to remember, on this page, as we have many events booked within the first 5 weeks of term 4.

Finally, I would like to take this opportunity to wish all our families a terrific holiday, if you are lucky enough to get away I hope the weather holds so you can enjoy the outdoors. It has been a long and very challenging term for our students on several fronts, they are tired and certainly need some respite. I work specifically with many individual students during the week, and it is quite clear that they need some quality time with their parents/guardians.

Until term 4, have fun!

Richard Barr
Acting Principal

SCHOOL PHOTOS

Our 2023 School Photos will be dispatched to families in the first week of Term 4.

Anyone wishing to purchase the Sports Captains, Parliament Photos or additional copies of the Graduation Photo* may do so by visiting <https://kapture.com.au/School-Sports-and-Events-Gallery>; you will need to enter our school code under the Sports & Event tab to access the gallery: **SFVFHU**. *Please note the Yr 6 students receive a complimentary graduation presentation folder at the graduation. This link is for additional copies for extended family members.

At scitech I liked the PUPPET SHOW.

Message from our Year Six students

YangeeSPLAT

We loved watching Mrs Macfarlane getting 'egged' by Sienna from Room 19, and Mr Barr getting a 'cream pie in the face' from River in Room 14 during our 2nd and 3rd challenges.

Thank you to everyone who has joined in the spirit of our YangeeSplat. We hope you enjoyed seeing Mr Roberts getting splattered with wet sponges yesterday (photos to come). Due to popular demand we will continue YangeeSplat into Term 4 so save your pennies to buy more tickets. Our Year 6 students are enjoying thinking up more challenges. Who will be the next 'lucky' staff member??

Telethon Institute Incursion

This week Room 1 and 2 had the Telethon Institute come into school to give them a talk on Type 1 diabetes and the amount of sugar in different drinks. They performed an experiment where they use pipettes, test tubes and testing kits to determine different drinks from Water to Coke, to see which ones contained the most sugar. Both classes really enjoyed being a lab scientist for the day, well except for having to wear gloves the whole time.

Scitech by Ollie

On Tuesday 12th of September, rooms 1&9 went to Scitech, Perth. We were going there for a excursion to learn about space.

The journey there was fun on the 15 minute drive in the bus, Vito and I decided to communicate in sign language because Miss Lilly told everyone to play the quiet game. When we arrived we lined up in pairs and our pairs were the person we were sitting on the bus with. I was okay with that because I was with Vito. When we were being counted, Vito and I spotted a motorcycle learner and they were doing surprisingly well. Whilst we were walking I couldn't help but look around.

When we went in we were greeted by a guide called Sharna, she directed everybody to a yellow hallway. We watched a short film about astronauts which taught us about the affects of water in space; it has no idea where to go so it just sticks! Then were instructed to go into groups which we had been assigned to us earlier.

My group and I left the activity tunnel first. It took us a little bit of time to find our task but we got there eventually. After that, we went to explore the rest of the exhibition and found a little capsule so me, Vito and Noa went in and experienced a G-force of 0.94 then Yasmina found spacesuits so I put one on and went back in the capsule, then we experienced a G-force of 1 but our second turn was over.

It was lunch by now and Vito and I were hungry so we ate our food very fast. We waited for a bit then we were able to explore the rest of Scitech. We first went to the main room there was an air cannon, hair raiser and a build a racer which Vito was very fond of. After, we went into a different room which had a marble run which Miss Lilly's group did. My group scattered around the room but I stayed at one mostly; the train one. I was quite fond of this.

We all wanted to go to the glowing room so we did. It was awesome, there was a music button. We had to press the button that lit up to continue the song. There was also a heat vision wall, it's like a mirror but it shows you yourself in heat.

It was then time to go.

Congratulations to those students and families from Yangebup Primary who attended the Bibra Lake Fun Run recently. We are proud to announce Yangebup Primary finished 2nd in the largest participating school group and won a **\$100 Armando Sports Voucher**. Well done to everyone involved.

EX STUDENT NEWS

Congratulations to Dillen, Sam and Tristen on winning their Football Grand Final with Jandakot Jets, and being crowned Premiers of the Year 8's Red Division for 2023.

P & C News

Carnival Day

Thank you to everyone who supported the P&C yesterday, either by donating baked goods, their time, or purchasing food and drinks on the day. Your support was amazing. We would also like to thank **Mr David Scaife**, our local MLA for Cockburn, who very kindly donated a \$300 bike voucher which was won by Evan in Year 6. One very happy boy!

Another HUGE thank you to everyone who supported the **cheesie/hot chocolate fundraiser**—from the volunteers who helped on the day, to those who donated items, and of course the children for buying a cheesie and hot chocolate.

We raised almost \$1,400.

Cookie Dough Fundraiser

In Term 4 we will be bringing back our ever popular Cookie Dough Fundraiser. More details will be provided early next term.

Referendum Voting Day at Yangebup Primary

The P&C will be holding a sausage sizzle and cake stall on Referendum voting day (14th Oct). Seeking volunteers on the day and donations of baked goods (nothing that requires refrigeration please)

P & C Meetings

Our final meetings for 2023 will be held in the school library on Wednesday 1st November, and Wednesday 6th December.

We invite all parents to come along and join us.

Uniform Shop

The shop will be open on the following Wednesdays in Term 4.

11th and 25th October

8th and 22nd November

6th December

Alternatively orders can be placed and paid on-line.

*Yangebup P&C is here to help raise money for **all** the students of Yangebup PS. Your contribution, whether of time or the support of fundraising activities, is very much appreciated.*

COMMUNITY NEWS

Please click on the link below if you want to attend the Parent Cyber Safety Presentation at Bibra Lake Primary.

Bibra Lake Primary School proudly presents:

PARENT CYBER SAFETY PRESENTATION

Thursday October 19 - 6:30pm to 8:00pm

Bibra Lake Primary School is proud to announce that after a 12 month wait, Paul Litherland, founder of Surf Online Safe and 2022 WA Australian of the Year, will be visiting Bibra Lake Primary School to conduct a cyber safety presentation for parents on October 19. Paul will also be speaking with our Year 5 & 6 students during the day regarding the risks of the internet and how they can protect themselves online.

Paul is widely considered one of Australia's leading educators in the field of Internet Awareness. As a former Western Australian Police Officer, he can offer some great knowledge and experience to help our parents better understand the risks our children are being exposed to in the online world.

The parent presentation commences at 6:30pm and concludes at 8:00pm, including a question-and-answer session. The subsidised cost for this session is \$10 per person. Paul will outline key points surrounding the online behaviours of our students and offer some good insight into where they are going online and the risks they are taking. All who have attended one of Paul's presentations have been impressed at how much they learn and amazed at how engaging he is as a speaker. We openly invite all parents to attend this important event.

Paul's parent presentations are very informative and offer some great tips and tricks on how to keep our kids safe online, as well as how to stay one step ahead of them in the online world. His information is not technical but offers truly useable solutions to help parents keep their kids safe on the internet.

Topics include:

- Social Networking : What our kids are using. Current trends & pitfalls.
- Juvenile Online Crime Risk : Current trends and concerns, protection methods.
- Grooming : Detection, prevention & coping.
- The Law : What is available, what is needed, as well as reporting options.
- Online Gaming Issues : Current trends & areas of risk .
- Safety and Control Options : Apps, Softwares, Tips & Hints

To register for this event please click [HERE](#)

Payment of \$10/head required *prior to the event* to Bibra Lake Primary School BSB 016-268 Ac No 4368 28802. **IMPORTANT:** In the deposit details please include your surname and "CYBER".

Hands to Steady

Are you a parent with a child 7 years of age or under and are concerned about their development, or is pending an assessment?

We are holding a FREE therapy day where parents can:

- Meet a range of therapists, in a group setting, who will provide families with hands-on activities and resources they can use, and take-away, to support children
- Discuss your child's development with Allied Health Professionals
- Have an Ears2Learn ear screening
- Build peer networks to support each other

Families are welcome to attend and there will be activities for siblings in a supervised play area. Morning tea will be provided.

Book your ticket via this link, spaces are limited
